Know More

The SolveCube Edge

Combining AI & advanced technologies with domain expertise to revolutionise blended workforce strategies.

Business-Focused

Aligned with your company's goals and needs, our solutions are cognizant of the rapidly evolving business environments.

Curated

Evaluating each candidate for their fit- for-purpose, availability, right to work in the relevant country, budget, culture fit and credential verification.

Skills- Role AI Match

Maximises hiring efficiency by AI matching & rank ordering skills & capability to role. Provides experts on short term, fractional, interim or permanent roles.

Accurate

Speed

Designed to accelerate your hiring process, ensuring you secure top talent swiftly and efficiently.

Scalable

For all businesses. Multi country, domain & industry hiring on a platform. Instant talent supply chain support to augment capacity as needed.

Case Studies

The Case of Executing with a Ninja Team

An European PE firm in transport & mobility audit sector in the process of acquiring a KPO

Problem

- Pre-acquisition due diligence audit support of KPO being acquired
- Acquisition decision dependent on audit report
- No prior experience of business in Indian market
- 3 months to complete audit

Solution

- Formation of short term Ninja team of C-Suite level domain experts in Ops, Tech and HR
- Leverage Solvecube AI platform and repository of 500 Mn to source, shortlist and select Ninja team

Outcome

- 2 months to complete audit and submit report
- 1 month time saved
- Client acquired KPO successfully

Clients Who Trust Us

Solvecube has enabled us to pivot quickly on various hiring requests, across numerous business functions. The turnaround, using their platform, has been efficient and effective.
